The great event of the season at Goddard is the concert to-night by the combined musical clubs of the university of Vermont. The reports are that the clubs are better this year than ever before. After the concert a reception is to be given to the college boys and Riley's orchestra will furnish music for dancing. All college graduates and all young people interested in college life are especially invited to attend. Admission 50c.

For the second time this week, Jack Frost "came back" and sent the mercury in the thermometers scudding down below the zero mark this morning. Last Tuesday morning was Jack's first real visit this winter, and the thermometers in this city averaged about 15 below, and this morning the majority of reports say 20 below. At South Barre it was reported 22 below. The stonecutters expected to-day their first shutdown of the winter because of the cold; only some of the larger plants, where the sheds are warmer, opened up for work at all this morning.

Take Care of Your Hair

before you lose it

Don't wait until the hair is gone to lock the stable door, but lock it while you still have the horse. In other words, look after your hair now—don't let it get dry and harsh—don't let dandruff gather in your scalp—don't let your hair fall excessively without doing something for it. Baldness, or at the very least, thin hair is bound to follow such symptoms. It's a million times easier to save hair than to get it back.

Dandruff-ene

(Meyer)
is just exactly what the name implies—it is a germicide and plainly, it kills germs. Dandruff is a germ disease—falling hair is a germ disease—gray hair is a germ disease—baldness is a germ disease. Very well then, kill the germs and you can prevent the trouble.

Our preparation doesn't make hair but it saves it. Strengthens and nourishes the hair follicles and cleanses the scalp of disease germs.

Today is none too soon to buy a bottle

Price 50c

For sale only by

D. F. DAVIS "The Druggist"

262 North Main St., Barre, Vt.
